

freeVoice Fox FX810 DECT Cordless

The cordless DECT headset freeVoice Fox FX810 DECT makes you independent of your desk. The easy installation and intuitive operation makes it an ideal headset for both beginners as well as for more versed frequent callers.

Remote Call Control

The integrated EHS interface lets you accept and end calls on the headset. You can also adjust the volume to suit your needs and mute the microphone.

Best sound quality with no restrictions on comfort

The noise-cancelling microphone effectively filters out troublesome ambient noise. With the headband and the large soft ear pads, the headset adapts perfectly to your head and ear, thus leading to a further improvement in understanding.

Comprehensive hearing protection

The headset offers comprehensive hearing protection that has been certified in accordance with DIN EN 60950-1 to protect your ears against sudden noise peaks

Features and advantages

Headset FOX FX810M
