

## SoundPro 350 – Made for full commitment in call centres and offices!

Every word has to be exactly understood by both sides - particularly during professional work over the telephone. The high-quality, extremely noise-suppressing UNC microphone, soft ear pads and infinitely adjustable headband of the freeVoice SoundPro 350 make a valuable contribution to this. You may even forget you are on the phone and feel like you are talking to someone face-to-face. The headset is a low-cost investment decision that makes no compromises when it comes to quality.

In short – phone calls with the freeVoice SoundPro 350 are fun!

### Outstanding sound quality

Broadband loudspeakers offer maximum sound quality, for fewer misunderstandings and repeated questions. The result is an excellent customer service. The ultra-noise-cancelling microphone filters out up to 90 percent of ambient noise and ensures an optimum voice quality.

### Optimum wearing comfort

The freeVoice SoundPro 350 adapts perfectly to individual wearing habits thanks to the numerous adjustment possibilities. The large, soft ear pads with their fully flexible suspension offer ideal wearing comfort. This means that the ear pads automatically adjust to the individual shape of the ear for perfect acoustic coupling.

# Features and advantages

Features	Advantage
Ultra-noise-cancelling microphone	Filters out up to 90 percent of ambient noise and ensures optimum comprehension.
Neodymium loudspeaker	Exceptional sound quality with broadband with a frequency bandwidth from 150 to 6800 Hertz, matches the bandwidth used by professional IP telephone systems.
Audio-shock protection	Protects the user's hearing by adjusting noise peaks and sudden loud noise down to a safe level (118 dB SPL).
MIC-AGC control	For optimum adjustment to various telephone systems.
Flexible microphone arm	The flexible microphone arm can be rotated by 300 degrees for optimum positioning near the mouth for good voice transmission.
Available as a mono- and duo-headset	Mono-headset for quieter workplaces, duo-headset for louder working environments.
Wearing style	Headband, designed to be worn all day.
Large ear pads	King-size ear pads that fully enclose the ear for the best comprehension.
Connection	Quick Disconnect (QD) lead.
Surface	Surface finish with nano-plating technology.
Weight	Mono: 42 g, Duo: 59 g
Warranty	2 years

## Scope of delivery

Wired headset with featherweight king-size ear pads of foam and imitation leather.
