Wings – enjoy the comfort!

The professional headset for your office or call centre

Leistungsmerkmale und Vorteile

Features	Advantage
Noise-cancelling microphone	Filters out background noise and ensures optimum comprehension.
Neodymium loudspeaker	Exceptional sound quality with broadband with a frequency bandwidth from 150 to 6800 Hertz, matches the bandwidth used by professional IP telephone systems.
Audio-shock protection	Protects the user's hearing by adjusting noise peaks and sudden loud noise down to a safe level (118 dB SPL).
MIC-AGC control	For optimum adjustment to various telephone systems.
Discrete titanium microphone arm	The microphone arm can be rotated by 300 degrees for optimum positioning near the mouth for good voice transmission.
Earpiece joint can be rotated 180 degrees	Space-saving storage and transport thanks to the earpiece joint that can be rotated around 180 degrees.
Available as a mono- and duo-headset	Mono-headset for quieter workplaces, duo-headset for louder working environments.
Wearing style	The choice between ear clip, headband and neckband allows a very versatile use of the mono-headset.
Large ear pads	King-size ear pads that fully enclose the ear for the best comprehension.
Swiss design	Exclusive design, developed in Switzerland.
Connection	Quick Disconnect (QD) lead.
Surface	High-solid surface finishing with Wings look.
Weight	Mono: 45 grams, Duo: 70 grams
Warranty	2 years
